PROFESSIONAL SUMMARY

AI Consultant and Corporate Trainer with 18+ years of global technology and enterprise consulting experience across Singapore, the USA, the UK, Australia, and Bangladesh. Helps organizations and professionals adopt AI with confidence — designing AI strategies, running practical AI workshops, and embedding AI tools into real business workflows. Former Adjunct Faculty at East Delta University (Master's level) with deep expertise in instructional design, change management, and translating fast-moving AI capabilities into outcomes that participants can apply on the job from day one. Specializes in generative AI, prompt engineering, AI-augmented productivity, and AI literacy for leaders, knowledge workers, and student communities.

CORE EXPERTISE

AI Consulting

- › Generative AI strategy & roadmap
- › AI use-case discovery & prioritization
- › AI tool selection (ChatGPT, Claude, Gemini, NotebookLM, Copilot)
- › AI-augmented workflow design
- › Responsible AI & data-handling guardrails
- › AI readiness & change management

AI Training & Facilitation

- › Prompt engineering (CRAFT, role-task-context frameworks)
- › AI literacy bootcamps for executives & teams
- › Hands-on AI workshops with NotebookLM, Claude & ChatGPT
- › Career strategy in the age of AI
- › AI for HR, finance, marketing & operations functions
- › Curriculum design & instructor-led delivery (in-person, VILT, hybrid)

SIGNATURE AI PROGRAMS & WORKSHOP OFFERINGS

Practical, outcome-focused programs delivered to executives, knowledge workers, students, and corporate teams:

Generative AI & Prompt Engineering

- **Prompting Like a Pro:** Hands-on workshop on writing better instructions using the CRAFT framework, with NotebookLM, Claude, and ChatGPT as primary tools.
- **AI-Augmented Productivity:** Tools, techniques, and mindset for the modern professional — turning AI into a daily co-pilot for writing, research, analysis, and decision-making.
- **AI for Executives:** What every leader must understand about generative AI, business risk, ROI, and adoption strategy.

AI for Functions & Industries

- **AI for HR Leaders:** Recruitment, employee experience, learning, and HR analytics in the age of AI.
- **AI for Operations & ERP Teams:** Embedding AI into ERP-driven processes, document workflows, and decision support.
- **AI for SMEs in Bangladesh & South Asia:** Practical adoption playbook tailored to the regional business context.

Career Development in the Age of AI

- **Career in the Age of AI:** How to stay relevant, reskill, and thrive as AI reshapes industries.
- **Building Your Personal Brand as an AI-First Professional:** Positioning, content, and visibility strategies for 2026 and beyond.
- **From Engineer to AI Consultant:** Navigating the career pivot into AI advisory and training.

Delivery Formats

In-person seminars, virtual instructor-led training (VILT), hybrid workshops, multi-day bootcamps, and one-on-one executive coaching.

TRAINING & CONSULTING EXPERIENCE

Metamorphosis Ltd. — Founder & COO

Dhaka, Bangladesh | Jan 2016 – Present

AI Consultant, Corporate Trainer & Digital Transformation Lead

- **AI Consulting Practice:** Advise SMEs and enterprises in Bangladesh and South Asia on AI adoption — from use-case discovery and tool selection to workflow redesign and team enablement.
- **Corporate AI Workshops:** Design and deliver hands-on AI training for client teams ranging from shop-floor staff to C-suite, covering generative AI fundamentals, prompt engineering, and AI-augmented productivity.
- **AI Literacy Programs:** Built a 40-minute hands-on class on prompting and better AI instructions using NotebookLM, structured around the CRAFT framework, with reusable slide decks and lab activities.
- **AI + ERP Integration:** Combine 18 years of ERP delivery experience with modern AI tooling to help clients embed AI into real business workflows — finance, HR, operations, and customer-facing processes.
- **Selected Clients:** Bangladesh Armed Services Board (BASB), Government of Bangladesh; Grameen Danone Foods Ltd.; Cross World Power Ltd.; Hasan Rubber Industries; Premier 1888 (Chattogram EPZ); Green Tiger EV Ltd.; Jamuna Spacetech Joint Venture; M&U Cycles Ltd.; Pasteur Pharmatech Solutions; SMET Services; Bhaiya Housing Ltd.; international clients in New Zealand and the UK.

East Delta University — Adjunct Faculty (Master's Level)

Dhaka, Bangladesh | Feb 2023 – Dec 2024

Postgraduate Instructor — Enterprise Technology & Digital Transformation

- **Curriculum Design:** Designed and delivered the advanced curriculum for Course MAH 602 on Human Resource Information Systems (HRIS) and Enterprise Resource Planning (ERP), covering system selection, implementation lifecycle, change management, and ROI measurement.
- **Industry-to-Classroom Bridge:** Integrated live consulting case studies into postgraduate instruction, enabling students to work through real implementation scenarios, stakeholder negotiation exercises, and process-mapping workshops.
- **Student Mentorship:** Mentored graduate students on emerging careers in AI, digital transformation, and technology consulting — including certifications, portfolio building, and industry networking.

dSectors Services Ltd. — Director, ICT Consultancy & Strategy

Dhaka, Bangladesh | Feb 2023 – Present

ICT Advisor & Trainer for Organizational Clients

- **Strategic Advisory:** Lead ICT consultancy practice providing technology-adoption advisory and training, with growing emphasis on AI readiness and digital transformation.
- **Solution Architecture:** Define technology blueprints for complex ICT programs and convert them into reusable training assets.

Metakave — Senior Consultant, Global IT Outsourcing

Dhaka, Bangladesh | Jul 2014 – Present

International Client Engagement & Offshore Team Mentoring

- **Client Engagement:** Manage technical and commercial relationships with international clients, including knowledge-transfer sessions and Business Scope Analysis.

- **Offshore Team Mentoring:** Provide technical oversight and skill-development mentorship for offshore development teams across multiple projects.

EARLIER CAREER HIGHLIGHTS

- **Ugoround Pvt. Ltd., Sydney, Australia (2016–2018)** — Advisor & CTO. Designed enterprise architecture, including a Big Data Platform and mobile architecture, for a Government-to-Citizen communication platform.
- **Cloudenotes, Sydney, Australia (2013–2017)** — Technical Consultant & CTO of an EdTech Platform-as-a-Service startup; led R&D and platform requirement analysis with direct exposure to learning-technology and instructional-design ecosystems.
- **Codeboxr, Dhaka (2011–2018)** — Founder & COO. Managed outsource project delivery, requirement analysis, and documentation for web platform projects.
- **Sweet Information Architecture, London, UK (2010–2011)** — Consultant & Information Architect. Technical consulting and project management for information-architecture projects.
- **JICA, Mymensingh (2013)** — Data Analyst & Researcher for the Primary Teacher Training program.
- **National University of Singapore (NUSNNI) (2006–2007)** — Researcher within the Singapore NanoScience and NanoTechnology Initiative.
